As baptized followers of Jesus Christ, we will share the Gospel through Word and Sacrament, teaching the love of God and reaching into our local and worldwide communities.

We will do this in a way that serves the needs of all segments of our congregation and community:

- providing special emphasis on youth and young adults;
- strengthening the family unit;
- supporting and caring for the elderly; and
- enriching our worship experience;

so that we foster living, expressive relationships with our Lord and our neighbors.
